Main goals of the Eastern Partnership project are:

- Ensure equal opportunities for young people from Eastern Partnership countries and EU member states
- Improve the knowledge about cultural, historical, political background of target countries within AEGEE Network

The Eastern Partnership project runs the following activities:

Eastern Partnership Action Days:

Main focus is on confronting young people from all over Europe with the reality of life in the Eastern Partnership countries, which obstacles currently do exist in this region and why, how it's possible to improve the situation.

Volunteering Action Days:

Volunteering Action Days is focusing on promoting volunteering among young people from the Eastern Partnership countries.

Living Library:

The objective of the Living Library is to raise awareness of students about the Eastern Partnership countries, make them understand that the people living there are pretty much the same, and facing a lot of unfair challenges in every step in life; and in the end push them to get active on the issue.

Youth Mobility Action Days:

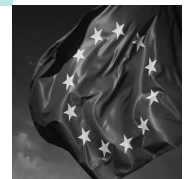

Youth Mobility Action Days are focusing on providing sufficient knowledge on existing mobility and education programmes to young people in the Eastern Partnership countries. The format of the event depends

Conflict Resolution Action Days:

mainly focus on improving knowledge of the European youth concerning existing conflicts at the Eastern Partnership regions such as Nagorno-Karabakh, South Ossetia, Abkhazia and Transdnestia.
